

# Welcome to Coach Joel House White Paper

## 1. Introduction

The **House** is not just a community—it is a **private property**, a sanctuary for those who believe in vision, unity, and growth. It stands as a place where every member is given the chance to pursue **happiness, financial success, and true freedom**.

Aligned with the **InterLink Network's vision**, the House exists to support a future where:

- Decentralization empowers individuals.
- Communities thrive through collaboration.
- Financial and social freedom become accessible to everyone.

The House is the private core of this vision, preparing for its defining moment in **Q4 2026**.

---

## 2. Vision & Purpose

- **Happiness First** – A family-like space where every voice matters and every member feels at home.
- **Financial Freedom** – Supporting the InterLink Network's mission of creating opportunities where individuals achieve independence and sustainability.
- **Shared Future** – Building a future rooted in unity, trust, and the drive to achieve greatness together.

This is not a public place for everyone. The House is **private property**—reserved only for those who align with its vision and contribute to its purpose.

---

### 3. Timeline

- **2025** – The House is active, private, and growing. Members are encouraged to level up and align with the vision of both the House and the InterLink Network.
  - **Q4 2026** – The House closes. Membership locks permanently. Any member **below Level 100** will be removed. The remaining members will form the **true foundation of the House**.
  - **Post-Q4 2026** – A new, **exciting chapter** begins. This stage will introduce exclusive opportunities aligned with the InterLink Network's long-term mission of **decentralized growth, financial empowerment, and community-led innovation**.
- 

### 4. [House Rules](#) ↗

#### Rule 1: The House Is Private Property

Entry into the House is a privilege, not a right. Membership is granted only to those who prove alignment with the House's purpose and the InterLink vision.

#### Rule 2: No Rules Until Closure

Until **Q4 2026**, the House operates with **no formal rules**. Members are guided by vision, integrity, and responsibility. The freedom to act comes with the responsibility to align with the mission.

#### Rule 3: The Closing

By **Q4 2026**, when the House is full and membership locks, all members **below Level 100** will be removed. The House will then consist only of those fully committed.

#### Rule 4: The Aftermath

After closure, a new phase begins. This stage will unlock the **exciting part of the journey**—exclusive paths tied to the InterLink Network’s larger vision. What comes after will not be revealed until the moment arrives, reserved only for those who remain.

---

## 5. Call to Action

The House is **private property**—not everyone belongs here. Only those with pure vision, dedication, and commitment to growth will remain.

Every member has a choice:

- Stay passive and risk removal.
- Or rise now, level up, and align with the vision of the House and InterLink Network.

By **Q4 2026**, the decision will be final. Those who remain will not just be members—they will be the **true family of the House**, walking hand-in-hand with the InterLink vision toward a future of happiness, financial success, and freedom.
